

Art Courtyard Villa Front Aluminium Garden Side Gates Security Design Anti Theft

Our Product Introduction

Basic Information

- Place of Origin: shandong china
- Brand Name: Defender
- Certification: CE ISO/IS90001
- Model Number: Alloy 6063/6061/6005/6060, T5/T6
- Minimum Order Quantity: 15 pieces
- Price: consult
- Packaging Details: Wooden box
- Delivery Time: 2 weeks
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 500

Product Specification

- Type: Gate
- Warranty: 10 Years
- Material: Aluminum
- Durable: Yes
- Uv Protection: Yes
- Weather Resistance: Yes
- Easy To Install: Yes
- Versatile: Can Be Used In Various Outdoor Spaces
- Customization Options: Additional Features And Accessories Available
- Waterproof: Yes
- Shade Option: Adjustable Louvers Or Retractable Canopy
- Maintenance: Low
- Color: Customization
- Design: Modern And Sleek

Product Description

PRODUCT DESCRIPTION

Aluminum profile door:

1, Safe and reliable

The aluminum courtyard door is made of high-strength aluminum alloy material, which has good corrosion resistance and wind resistance, and is not easy to rust or deform. At the same time, anti-theft function was also considered in the design, and safety locks were installed at the locks and hinges of the door to ensure the safety of the family.

2, Beautiful and elegant

Aluminum courtyard doors not only have a simple structure and smooth lines, but also have a variety of colors that can be customized according to needs. In addition, aluminum alloy materials have strong plasticity and good processability, which can achieve complex carving and shaping, providing conditions for the beautiful and elegant appearance of doors.

3, Easy to maintain

The surface of aluminum courtyard doors often adopts electrophoretic and electrostatic spraying processes, which have the characteristics of long-term durability and are not easily damaged or faded. Daily maintenance only requires gentle wiping with a soft cloth, which is very convenient

Place of Origin	Shandong, China
Usage	Garden fence, road fence, farm fence
Type	Driveway Gates
Service	3D modeling, 3D sample models, instruction book, video of installation
Brand Name	Defender Metal
Frame Finishing	Powder Coated
Product name	Aluminum Swing Driveway Gates
Material	Aluminum Alloy
Application	Driveway gate, Garden gate, House gat
Surface treatment	Power Coated
Color	customization
Brand	Defender
Warranty	10 Years
Certification	ISO9001
Package	Pearl cotton protection and put in the wood frame
Port	Qingdao

4, Good sound insulation effect

The aluminum courtyard door has a compact structure, coupled with the setting of sealing strips, which can effectively isolate noise. In the noisy environment of the city, choosing aluminum courtyard doors can make the living environment more peaceful.

5, Excellent waterproof effect

The aluminum art courtyard door adopts a multi-layer sealing design, which can effectively prevent the infiltration of external substances such as rainwater and sand. Especially during the rainy season, choosing aluminum courtyard doors can keep the inside and outside of the door dry.

6, Long service life

The material of the aluminum courtyard door is made of high-strength aluminum alloy, with a sturdy and durable structure and a long service life. In general, the service life of aluminum courtyard doors can reach more than 15 years.

7, Environmental protection and health

Aluminum courtyard doors do not contain harmful substances, are not easily damp, moldy, and do not produce odors. The use of aluminum courtyard doors can ensure the environmental health of families

Advantages:

Multifunctionality of design: Aluminum profiles can be extruded into various shapes and sizes, providing a wide range of design possibilities. From simple and fashionable designs to complex patterns and decorative details, aluminum profile doors can be customized to match your property's architectural style and meet your design preferences.

Customized accessories: Aluminum doors can be paired with customized accessories to enhance their functionality and convenience. This includes the integration of functions such as door automation systems, safety cameras, lighting fixtures or decorative elements (such as top decorations or column caps). These customized accessories can be customized according to your specific needs and preferences

Compatible with various environments: Aluminum profile doors are compatible with various environments and property types. Whether you own residential, commercial, or industrial properties, aluminum doors can be designed and installed to meet your specific requirements. They can withstand different environmental conditions, such as coastal areas, urban environments, or rural landscapes.

Multifunctionality:

Compatibility with various environments: Aluminum profile doors are compatible with various environments, including residential, commercial, and industrial environments. They can be used for lanes, pedestrian entrances, pool fences, etc. Aluminum doors can adapt to different architectural styles and seamlessly blend with various environments.

Noise reduction: Aluminum profile doors help reduce the spread of external noise. The inherent characteristics of aluminum, such as its density and sound insulation ability, help to minimize the impact of external noise to the greatest extent possible. This can provide a quieter and more peaceful environment for your property.
