

Automation Customizable Size Aluminium Driveway Gates Alloy 6063 / T5/T6 Aluminium Garden Gate

Our Product Introduction

Basic Information

- Place of Origin: shandong china
- Brand Name: Defender
- Certification: CE ISO/IS90001
- Model Number: Alloy 6063/6061/6005/6060, T5/T6
- Minimum Order Quantity: 15 pieces
- Price: consult
- Packaging Details: Wooden box
- Delivery Time: 2 weeks
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 500

Product Specification

- Type: Gate
- Warranty: 10 Years
- Material: Aluminum
- Durable: Yes
- Uv Protection: Yes
- Weather Resistance: Yes
- Easy To Install: Yes
- Versatile: Can Be Used In Various Outdoor Spaces
- Customization Options: Additional Features And Accessories Available
- Waterproof: Yes
- Shade Option: Adjustable Louvers Or Retractable Canopy
- Color: Customization
- Design: Modern And Sleek
- Size: Standard

PRODUCT DESCRIPTION**1, Improving quality of life**

Installing electric doors in the courtyard can improve the quality of life. Traditional manual doors require getting off the car to open and close, which is very labor-intensive and time-consuming. However, electric doors can achieve remote control, which is convenient and efficient, saving time and energy, and bringing us more convenience in daily life.

2, Convenient and fast access

The use of electric gates is very convenient and fast. Simply tap the remote control or mobile app to remotely control the opening and closing of the door, avoiding the tedious and troublesome manual operation, especially in situations where vehicles frequently enter and exit, making it more convenient and efficient.

3, Increase security

Electric gates not only improve convenience, but also increase the safety of courtyard gates. The electric gate is equipped with professional locks and anti-theft devices, which not only prevent intruders but also avoid harassment and disturbance, better protecting the safety of families and property.

4, Protecting vehicles

The electric gate installed in the courtyard not only protects the safety of the family, but also the safety of vehicles. Electric doors can prevent illegal entry of vehicles, prevent theft or damage to cars, and reduce maintenance and insurance costs.

5, Enhance privacy

Installing an electric gate in the courtyard can also enhance privacy. Electric doors can effectively prevent strangers or unwanted guests from entering the courtyard, increasing the privacy of the family. In terms of family privacy and safety, electric doors provide us with more security guarantees.

Product Description:

Surface treatment	Power Coated
Color	customization
Brand	Defender
Warranty	10 Years
Certification	ISO9001
Package	Pearl cotton protection and put in the wood frame
Port	Qingdao

Advantages:

Multifunctionality of design: Aluminum profiles can be extruded into various shapes and sizes, providing a wide range of design possibilities. From simple and fashionable designs to complex patterns and decorative details, aluminum profile doors can be customized to match your property's architectural style and meet your design preferences.

Integration with security systems: Aluminum profile doors can easily integrate with various security systems to enhance access control and ensure the safety of your property. This may include integrating keyboards, card readers, intercom

systems, or closed-circuit television cameras into the door design. The lightweight characteristics of aluminum make it easier to incorporate these additional safety features without affecting the structural integrity of the door.

Sustainability and recyclability: Aluminum has become a highly sustainable material due to its recyclability. When the aluminum profile door reaches the end of its lifecycle, it can be recycled and used to manufacture new aluminum products without losing its quality. This reduces the impact on the environment and contributes to sustainable resource management.

Multifunctionality:

Compatibility with various environments: Aluminum profile doors are compatible with various environments, including residential, commercial, and industrial environments. They can be used for lanes, pedestrian entrances, pool fences, etc. Aluminum doors can adapt to different architectural styles and seamlessly blend with various environments.
