

Waterproof Aluminium Entrance Gates T5/T6 / Adjustable Louvers Aluminum Sliding Driveway Gates

Our Product Introduction

Basic Information

- Place of Origin: shandong china
- Brand Name: Defender
- Certification: CE ISO/IS90001
- Model Number: Alloy 6063/6061/6005/6060, T5/T6
- Minimum Order Quantity: 15 pieces
- Price: consult
- Packaging Details: Wooden box
- Delivery Time: 2 weeks
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 500

Product Specification

- Material: Aluminum
- Durable: Yes
- Weather Resistance: Yes
- Easy To Install: Yes
- Versatile: Can Be Used In Various Outdoor Spaces
- Customization Options: Additional Features And Accessories Available
- Waterproof: Yes
- Shade Option: Adjustable Louvers Or Retractable Canopy
- Maintenance: Low
- Color: Customization
- Design: Modern And Sleek
- Size: Standard
- Style: Modern
- Security: High

Product Description

PRODUCT DESCRIPTION

Stainless steel composite wall N iron sheet lane main aluminum profile door

Aluminum profile gate:

Effective operation

The electric sliding door operates through the joint use of high-power motors and worm gears, which can complete the opening or closing of the door in a short time. Even in high pedestrian traffic, it will not affect its effectiveness, and to some extent, it can effectively control the number of people moving indoors, avoiding congestion problems

High security

During use, if the electric sliding door accidentally touches a person or an obstructed object, its control system will immediately pop open to protect the integrity of the human body or objects, avoid personal safety accidents and damage to objects, and have high safety performance

Place of Origin	Shandong, China
Usage	Garden fence, road fence, farm fence
Type	Driveway Gates
Service	3D modeling, 3D sample models, instruction book, video of installation
Brand Name	Defender Metal
Frame Finishing	Powder Coated
Product name	Aluminum Swing Driveway Gates
Material	Aluminum Alloy
Application	Driveway gate, Garden gate, House gat
Surface treatment	Power Coated
Color	customization
Brand	Defender
Warranty	10 Years
Certification	ISO9001
Package	Pearl cotton protection and put in the wood frame
Port	Qingdao

Advantages:

Multifunctionality of design: Aluminum profiles can be extruded into various shapes and sizes, providing a wide range of design possibilities. From simple and fashionable designs to complex patterns and decorative details, aluminum profile doors can be customized to match your property's architectural style and meet your design preferences.

Integration with security systems: Aluminum profile doors can easily integrate with various security systems to enhance access control and ensure the safety of your property. This may include integrating keyboards, card readers, intercom

systems, or closed-circuit television cameras into the door design. The lightweight characteristics of aluminum make it easier to incorporate these additional safety features without affecting the structural integrity of the door.

Sustainability and recyclability: Aluminum has become a highly sustainable material due to its recyclability. When the aluminum profile door reaches the end of its lifecycle, it can be recycled and used to manufacture new aluminum products without losing its quality. This reduces the impact on the environment and contributes to sustainable resource management.

Multifunctionality:

Compatibility with various environments: Aluminum profile doors are compatible with various environments, including residential, commercial, and industrial environments. They can be used for lanes, pedestrian entrances, pool fences, etc. Aluminum doors can adapt to different architectural styles and seamlessly blend with various environments.
