

horizontal Black Aluminum Privacy Fence With Laser Cutting For Both Style And Security

Our Product Introduction

Basic Information

- Place of Origin: shandong china
- Brand Name: Defender
- Certification: CE ISO/IS90001
- Model Number: Alloy 6063/6061/6005/6060, T5/T6
- Minimum Order Quantity: 10m
- Price: consult
- Packaging Details: Wooden box
- Delivery Time: 15day
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 7day

Product Specification

- Maintenance: Low Maintenance
- Style: Modern
- Surface: Powder Coated
- Assembly: Easy
- Material: Aluminum
- Installation: Surface Mount
- Finish: Powder Coated
- Color: Customization
- Type: Railing
- Suitable For: Indoor/Outdoor Use
- Design: Straight
- Width: Customization
- Thickness: Customization
- Weight Capacity: 250 Pounds
- Height: Customization

Product Description

Decorative black aluminum fence privacy fence laser cutting

Aluminum guardrails are highly favored for their high strength and durability. It is elaborately made of aluminum alloy. It can withstand the impact of external forces in various complex environments. Whether it is stormy or accidental collision, it can remain firm and stable, providing reliable protection for our living space for a long time.

Its corrosion resistance is a major highlight. Even if exposed to outdoor conditions for a long time, aluminum guardrails can still maintain good condition in the face of rainwater erosion, sunlight exposure, and other adverse weather conditions, requiring almost no special maintenance, saving people many troubles.

Visually, the aluminum guardrail is a perfect fusion of art and practicality. It can be designed into various exquisite and unique shapes and patterns, with smooth and beautiful lines, highlighting a strong artistic atmosphere, greatly enhancing the overall aesthetics and grade of the building.

Installing aluminum guardrails is also extremely convenient. It is relatively lightweight, making the installation process easy and efficient, saving a lot of manpower and time resources.

In terms of safety, aluminum guardrails have erected a solid barrier for our living and usage areas, effectively blocking potential threats from the outside world and providing us with a safe living and working environment.

Types of fences	grids and doors, safety fences, lane gate fences, fence accessories, fence doors, fence hardware, fence boards, fence posts, fences, wire mesh fences, fence post caps

Advantages:

Acoustic properties: In addition to reducing noise transmission, laser-cut fences can be designed with acoustic properties in mind. By strategically placing sound-absorbing materials within the fence panels, you can further enhance noise reduction and create a more peaceful environment within your property.

Branding and personalization: Laser-cut fences offer an opportunity for branding and personalization. For commercial properties, the fence panels can be customized with company logos or branding elements to create a cohesive and visually appealing exterior. For residential properties, personalized designs, family names, or meaningful symbols can be incorporated into the fence to add a unique touch.

Versatility:

Lighting effects: Laser-cut fences can be enhanced with lighting effects beyond just integrated lighting. By strategically placing external lighting fixtures, such as spotlights or uplights, you can create interesting shadows and highlights on the fence, further accentuating its design and making it a focal point during nighttime.

Maintenance and longevity: Proper maintenance is essential for the longevity of laser-cut fences. Regular cleaning, inspection for any signs of damage or wear, and addressing any required repairs promptly will help ensure the fence retains its beauty and functionality over time. Following the manufacturer's guidelines and recommendations for maintenance is crucial to preserve the integrity of the fence.
