Basic Information

- Place of Origin: shandong china
- Brand Name: Defender
- Certification: CE ISO/IS90001
- Model Number: Alloy 6063/6061/6005/6060, T5/T6
- Minimum Order Quantity: 10m
- Price: consult
- Packaging Details: Wooden box
- Delivery Time: 15day
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Set/Sets per Month

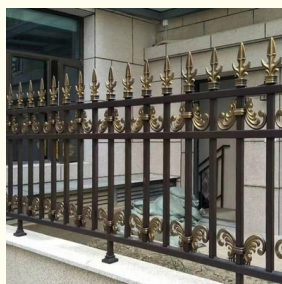

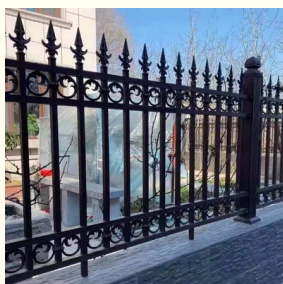

Product Specification

- Maintenance: Low Maintenance
- Style: Modern
- Surface: Powder Coated
- Assembly: Easy
- Material: Aluminum
- Installation: Surface Mount
- Finish: Powder Coated
- Color: Customization
- Type: Railing
- Suitable For: Indoor/Outdoor Use
- Design: Straight
- Width: Customization
- Thickness: Customization
- Weight Capacity: 250 Pounds
- Height: Customization

Product Description

Decorative black aluminum fence privacy fence laser cutting

Aluminum guardrails have an impressive high strength. It is like a resilient guard, able to easily withstand various external impacts and challenges. Whether it is the ravages of strong winds or accidental collisions, it is difficult to deform and damage, demonstrating excellent durability. Long term use can still maintain good appearance and performance.

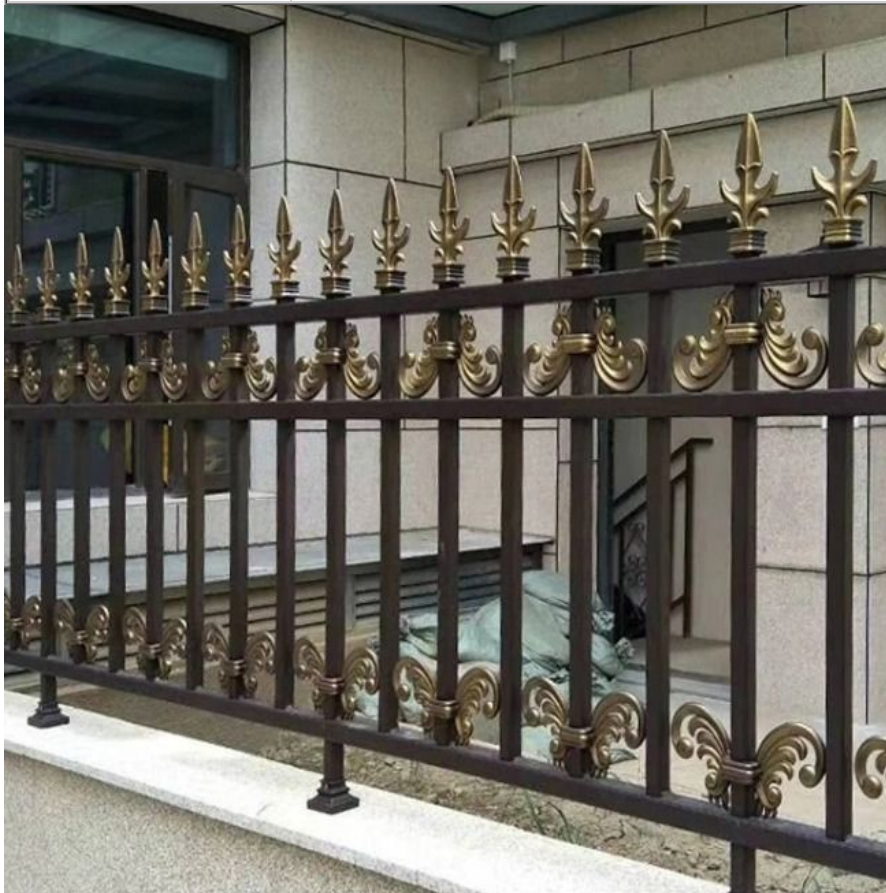

Its excellent corrosion resistance is another highlight. Even in harsh outdoor environments such as rain erosion and sunlight exposure, aluminum guardrails can remain undamaged and require almost no special maintenance. They always stick to their posts and silently guard our living space.

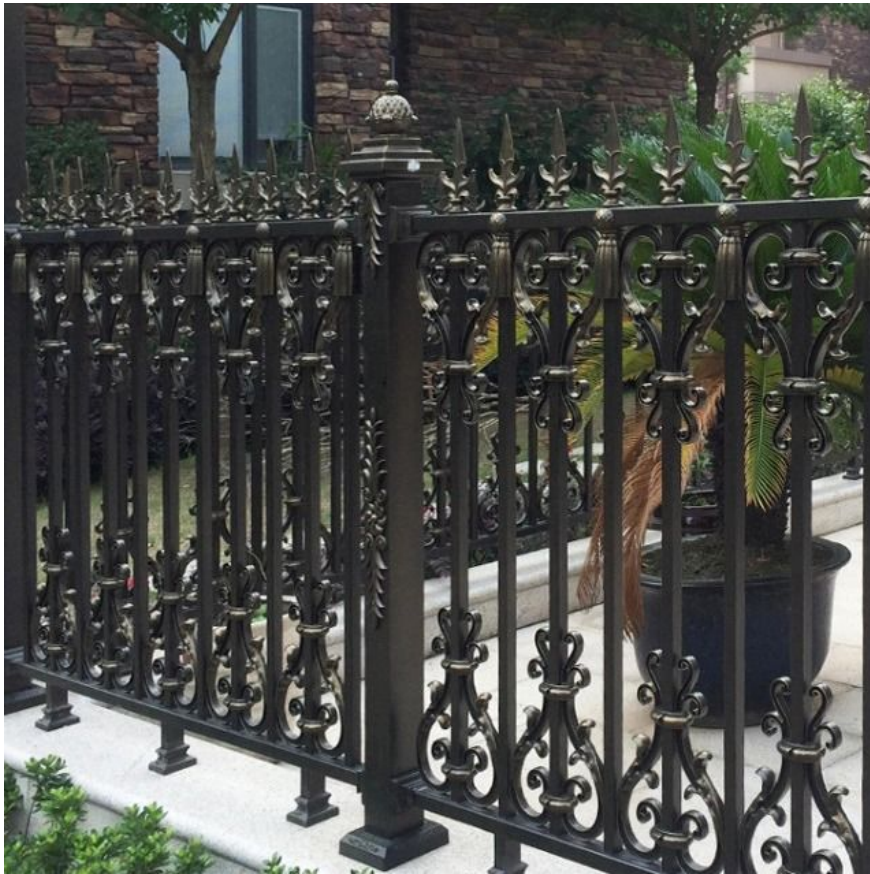

Visually, the aluminum guardrail is a beautiful scenery. It can be endowed with various exquisite and unparalleled shapes and patterns, with a strong artistic sense and strong decorative properties, adding an elegant and noble touch to the building, greatly enhancing the overall aesthetics and grade.

The lightweight feature makes aluminum guardrails very convenient to install. The installation process is easy and labor-saving, saving a lot of manpower and time costs, and bringing great convenience to people.

In terms of safety, aluminum guardrails also perform extremely well. It provides a reliable safety barrier for our residential or usage areas, effectively blocking external intrusion and giving us a full sense of security

| Types of fences | grids and doors, safety fences, lane gate fences, fence accessories, fence doors, fence hardware, fence boards, fence posts, fences, wire mesh fences, fence post caps |

Advantages:

Acoustic properties: In addition to reducing noise transmission, laser-cut fences can be designed with acoustic properties in mind. By strategically placing sound-absorbing materials within the fence panels, you can further enhance noise reduction and create a more peaceful environment within your property.

Branding and personalization: Laser-cut fences offer an opportunity for branding and personalization. For commercial properties, the fence panels can be customized with company logos or branding elements to create a cohesive and visually appealing exterior. For residential properties, personalized designs, family names, or meaningful symbols can be incorporated into the fence to add a unique touch.

Versatility:

Lighting effects: Laser-cut fences can be enhanced with lighting effects beyond just integrated lighting. By strategically placing external lighting fixtures, such as spotlights or uplights, you can create interesting shadows and highlights on the fence, further accentuating its design and making it a focal point during nighttime.

Maintenance and longevity: Proper maintenance is essential for the longevity of laser-cut fences. Regular cleaning, inspection for any signs of damage or wear, and addressing any required repairs promptly will help ensure the fence retains its beauty and functionality over time. Following the manufacturer's guidelines and recommendations for maintenance is crucial to preserve the integrity of the fence.
