

Powder coated Outdoor Steel Fence Design Security Steel Fence And Handrails 250 pounds

Our Product Introduction

Basic Information

- Place of Origin: shandong china
- Brand Name: Defender
- Certification: CE ISO/IS90001
- Model Number: Alloy 6063/6061/6005/6060, T5/T6
- Minimum Order Quantity: 10m
- Price: consult
- Packaging Details: Wooden box
- Delivery Time: 15day
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 7day

Product Specification

- Style: Modern
- Surface: Powder Coated
- Material: Aluminum
- Installation: Surface Mount
- Finish: Powder Coated
- Color: Customization
- Type: Railing
- Suitable For: Indoor/Outdoor Use
- Design: Straight
- Width: Customization
- Thickness: Customization
- Weight Capacity: 250 Pounds
- Durability: Weather Resistant
- Highlight: powder coated outdoor steel fence, outdoor security steel fence,

Product Description

Decorative black aluminum fence privacy fence laser cutting

Security enhancements: Laser-cut fences can be designed to provide additional security features. For example, you can incorporate anti-climbing designs, such as sharp-pointed or angled cutouts, to deter unauthorized access. Additionally, the durability of materials like metal can make it harder for intruders to breach the fence.

Specifications:

Environmental adaptation: Laser-cut fences can be designed to adapt to different environmental conditions. For instance, if you live in an area prone to strong winds, the design can incorporate wind-resistant patterns to allow air to pass through while reducing the risk of the fence being damaged. Similarly, in regions with high heat or intense sunlight, the design can feature patterns that provide shade and cooling effects

Product Name	Aluminum blade fence

Types of fences	grids and doors, safety fences, lane gate fences, fence accessories, fence doors, fence hardware, fence boards, fence posts, fences, wire mesh fences, fence post caps

Advantages:

Acoustic properties: In addition to reducing noise transmission, laser-cut fences can be designed with acoustic properties in mind. By strategically placing sound-absorbing materials within the fence panels, you can further enhance noise reduction and create a more peaceful environment within your property.

Branding and personalization: Laser-cut fences offer an opportunity for branding and personalization. For commercial properties, the fence panels can be customized with company logos or branding elements to create a cohesive and visually appealing exterior. For residential properties, personalized designs, family names, or meaningful symbols can be incorporated into the fence to add a unique touch.

Versatility:

Maintenance and longevity: Proper maintenance is essential for the longevity of laser-cut fences. Regular cleaning, inspection for any signs of damage or wear, and addressing any required repairs promptly will help ensure the fence retains its beauty and functionality over time. Following the manufacturer's guidelines and recommendations for maintenance is crucial to preserve the integrity of the fence.
