Applications:

Defender's Unassembled Aluminum Fence is a versatile and durable product suitable for a variety of applications. Made with Alloy 6063/6061/6005/6060, T5/T6, this fence has been certified with CE ISO/IS90001 and is produced in Shandong, China. The minimum order quantity is 10m with a price to be consulted. The payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. This fence is designed for easy assembly with wood and anodizing surface treatment options available. The unassembled feature of this product makes it convenient for transportation and installation. The anodizing/powder coating/wood surface treatment options make it suitable for various styles and environments. The wooden box packaging ensures the product's safety during transportation. The Aluminum Fence is appropriate for a variety of applications, including garden fence, highway fence, sports fence, farmland fence, residential, commercial, and industrial use. It can be used as an aluminum deck railing for added safety and security. The aluminium slat fencing design allows for privacy while maintaining a modern aesthetic. With a supply ability of 7 days and a delivery time of 15 days, this product is a reliable and efficient solution for those in need of a high-quality fence.
