

Custom Extruded Aluminum Profiles Ultimate Solution for Construction Projects

Our Product Introduction

for more products please visit us on alumfencing.com

Basic Information

- Place of Origin: shandong china
- Brand Name: Defender
- Certification: CE ISO/IS90001
- Model Number: Alloy 6063/6061/6005/6060, T5/T6
- Minimum Order Quantity: 1t
- Price: 1 - 19 t 3,000.00 \$ 20 - 99 t 2,600.00 \$ 100 - 999 t 2,400.00 \$ >= 1000 t 2,000.00 \$
- Packaging Details: 1. Expose surface: Packed with blank protective film or customized 2. Outside protection: Heat shrink film to cover and protect. / Kraft paper to use. 3. Packed according to customers' requirement. 9~11tons/20'GP container , 20~28tons/40'HQ container.
- Delivery Time: 10days
- Supply Ability: 2500 Ton/Tons per Month

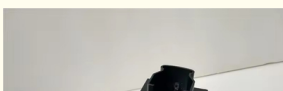

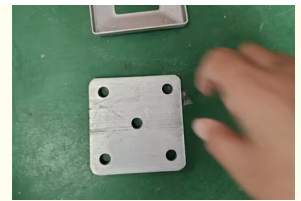

Product Specification

- Color Available: Silver, Bronze, Champagne ,Matte,Natural For Anodizing, RAL For Powder Coating
- Production Process: Extrusion, Cutting, Drilling, Milling, Etc.
- Surface Treatment: Anodized
- Surface Treatment: Mill Finish, Anodized, Powder Coated, Electrophoresis, Sand Blasting Etc. PVDF Coating, Wood Grain Painting, Matted, Polishing Bright
- Length: Customized
- Shape: Customized
- Product Category: Aluminum Profiles
- Color: Silver
- Highlight: **extruded custom aluminum profiles,**

Product Description

Product Description:

Our extrusion aluminum profiles are designed and manufactured to meet the highest standards of quality and durability. They are made from high-grade aluminum alloy and undergo a rigorous manufacturing process to ensure consistent quality and performance. Our aluminum profiles are lightweight, yet strong enough to withstand heavy loads and harsh environments.

In addition to their strength and durability, our aluminum profiles are also available in a range of attractive colors, including silver, bronze, champagne, matte, and natural for anodizing, as well as RAL colors for powder coating. This allows you to choose the color that best matches your project's aesthetic and functional requirements.

Our aluminum profiles are versatile and can be used in a wide range of applications, including construction, industrial, transportation, and more. They are ideal for use in framing systems, glass curtain walls, doors and windows, and other applications where strength, durability, and attractive design are essential.

At [company name], we take pride in our extrusion aluminum profiles and are committed to providing our customers with the highest level of service and support. We offer a wide range of standard aluminum profiles, as well as custom design services to meet the unique needs of your project. Contact us today to learn more about our anodized aluminum oxide profiles for photo frames and aluminum glass profiles, and how they can benefit your project.

Features:

Product Name: Aluminum profiles

Color: Silver

Shape: Customized

Length: Customized

Features:

Lightweight

Strong

Corrosion-resistant

Production Process:

Extrusion

Cutting

Drilling

Milling

Etc.

Our extrusion aluminum profiles are customizable in shape and length, making them perfect for a wide range of applications. The standard aluminum profiles are lightweight, strong, and corrosion-resistant, ensuring long-lasting durability. Our production process, including cutting, drilling, milling, and more, ensures that our aluminum profiles are of the highest quality.

Technical Parameters:

Surface Treatment	Anodized
Features	Lightweight, Strong, Corrosion-resistant
Section Shapes	I, U, T, C, Z, L, H, square, round, flat, hollow, t-slot, and other complicated shapes by custom design
Usage	Construction, Industrial, Transportation, Etc.
Length	Customized
Colour	All Kind
Shape	Customized
Production Process	Extrusion, Cutting, Drilling, Milling, Etc.
Material	Aluminum Alloy
Color	Silver

Applications:

The Defender Aluminum profiles are versatile and can be used in various industries including construction, industrial, transportation, etc. The profiles come in standard extruded aluminum profiles as well as custom extruded aluminum profiles with a wide range of shapes, widths, and colors to choose from. The surface treatment options for these aluminum profiles include mill finish, anodized, powder coated, electrophoresis, sandblasting, etc. The PVDF coating, wood grain painting, matted, polishing bright surfaces are also available to choose from. The Defender Aluminum profiles are suitable for various occasions and scenarios. In construction, they can be used for building frames,

doors, windows, and curtain walls. In the industrial sector, they can be used for machine frames, conveyor systems, and workstations. In transportation, they can be used for the manufacture of trailers, railcars, and marine vessels. The packaging details for these aluminum profiles ensure that they are protected during transportation and storage. The exposed surface is packed with blank protective film or customized, while the outside is protected with heat shrink film or kraft paper. Customers can also request for customized packaging. The 9~11tons/20'GP container and 20~28tons/40'HQ container are the standard packaging options.

Support and Services:

Our Aluminum profiles product comes with technical support and services to ensure optimal performance and customer satisfaction. Our team of experts is available to assist with any questions or concerns regarding the product's installation, maintenance, and troubleshooting. We also offer customization services to meet specific project requirements. Our goal is to provide reliable and high-quality products, as well as exceptional customer service to meet your needs.

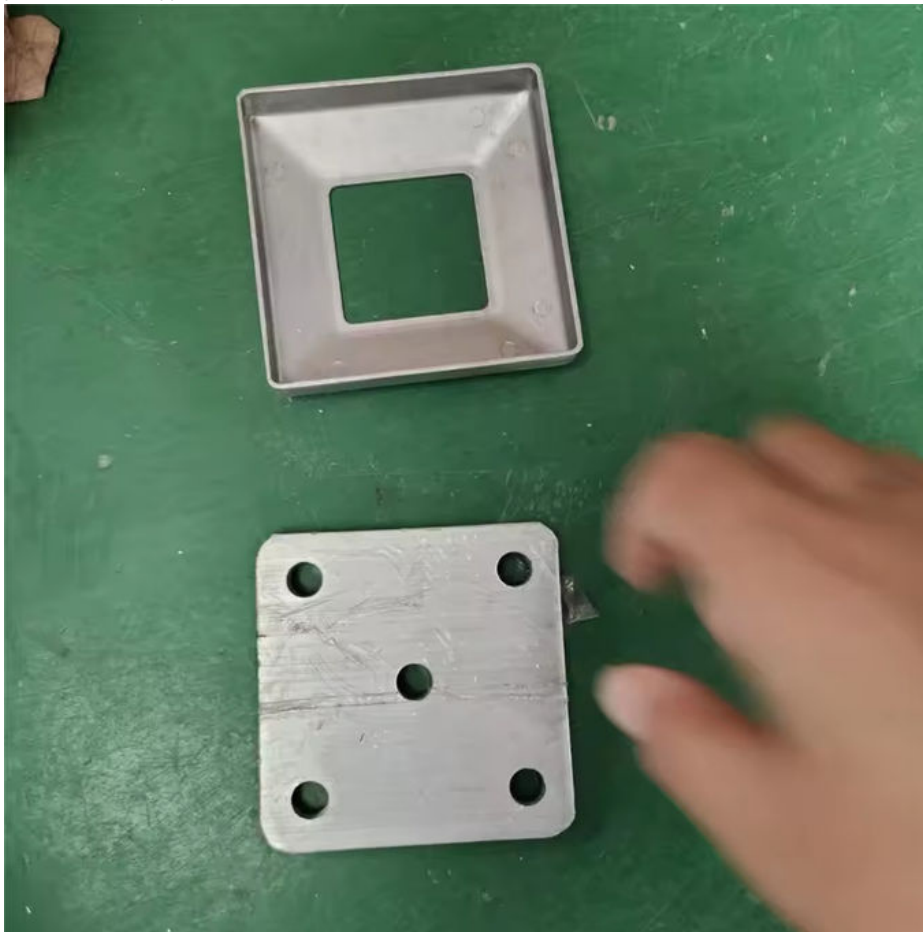

Packing and Shipping:

Product Packaging:

The aluminum profiles will be packed in a sturdy cardboard box to ensure safe transportation. Each bundle will be wrapped with plastic film to protect it from scratches or other damages during the shipping process.

Shipping:

The aluminum profiles will be shipped via a reliable courier service such as FedEx or DHL. The shipping cost will be calculated based on the weight and destination of the shipment. The estimated delivery time will be provided to the customer once the order has been processed and shipped.

FAQ:

Q: What is the brand name of the Aluminum profiles product?

A: The brand name of our Aluminum profiles product is Defender.

Q: What is the model number of the Aluminum profiles product?

A: The model number of our Aluminum profiles product is Alloy 6063/6061/6005/6060, T5/T6.

Q: What certifications does the Aluminum profiles product have?

A: Our Aluminum profiles product is CE ISO/IS90001 certified.

Q: Where is the Aluminum profiles product from?

A: Our Aluminum profiles product is from Shandong, China.

Q: What is the minimum order quantity for the Aluminum profiles product?

A: The minimum order quantity for our Aluminum profiles product is 1 ton.

Q: What is the price range for the Aluminum profiles product?

A: The price for our Aluminum profiles product is:

1 - 19 t: \$3,000.00

20 - 99 t: \$2,600.00

100 - 999 t: \$2,400.00

>= 1000 t: \$2,000.00

Q: What is the supply ability of the Aluminum profiles product?

A: The supply ability of our Aluminum profiles product is 2500 Ton/Tons per month.

Q: What is the delivery time for the Aluminum profiles product?

A: The delivery time for our Aluminum profiles product is 10 days.

Q: How is the Aluminum profiles product packaged?

A: Our Aluminum profiles product is packaged as follows:

Expose surface: Packed with blank protective film or customized

Outside protection: Heat shrink film to cover and protect. / Kraft paper to use.

Packed according to customers' requirement.

9~11tons/20'GP container , 20~28tons/40'HQ container.
