Product Description

Product Description:

Our aluminum profiles are available in a wide range of colors to suit your preferences. Choose from silver, black, white, or any other color to match your project's specific requirements.

Whether you need standard extruded aluminum profiles or custom extruded aluminum profiles, we have you covered. Our team of experts can help you create the perfect shape and length to fit your unique requirements.

Our standard aluminum profiles are ideal for a range of applications, including construction, automotive, and industrial uses. Made to the highest quality standards, our profiles are designed to offer exceptional strength and performance in even the most demanding environments.

With our custom extruded aluminum profiles, you can create unique shapes and sizes to match your specific project needs. Our team of experts can work with you to design and produce profiles that fit your exact specifications, ensuring that you get the perfect product for your project.

Our aluminum profiles are available in a range of lengths to suit your needs. Whether you need a few feet or several hundred feet of profile, we can provide you with the perfect length to suit your project's requirements.

So why wait? Browse our selection of aluminum profiles today and find the perfect product to suit your needs. Whether you need standard extruded aluminum profiles or custom extruded aluminum profiles, we have the expertise and experience to help you get the job done right.

Features:

Product Name: Aluminum profiles

Usage: Construction, Industrial, Transportation, Etc.

Surface treatment: Mill finish, anodized, powder coated, electrophoresis, sand blasting etc. PVDF coating, wood grain painting, matted, polishing bright

Production Process: Extrusion, Cutting, Drilling, Milling, Etc.

Section Shapes: I, U, T, C, Z, L, H, square, round, flat, hollow, t-slot, and other complicated shapes by custom design.

Application: Windows, Doors, Curtain Walls, Heat Sinks, Etc.

Custom extruded aluminum profiles

Extrusion aluminum profiles

Custom extruded aluminum profiles

Technical Parameters:

Product Name:	Anodized aluminum oxide profiles for photo frames, aluminum glass profiles
Material:	Aluminum Alloy
Surface Treatment:	Anodized
Length:	Customized
Width:	Customized
Section Shapes:	I, U, T, C, Z, L, H, square, round, flat, hollow, t-slot, and other complicated shapes by custom design
Color available:	Silver, Bronze, champagne, Matte, Natural for anodizing, RAL for powder coating
Production Process:	Extrusion, Cutting, Drilling, Milling, Etc.
Features:	Lightweight, Strong, Corrosion-resistant

Applications:

The Defender Aluminum profiles are high-quality products made from Alloy 6063/6061/6005/6060, T5/T6, with CE ISO/IS90001 certification. The product is manufactured in Shandong, China, and has a minimum order quantity of 1 ton. The price of the product ranges from \$3,000.00 to \$2,000.00, depending on the quantity ordered. The supply ability of the product is 2500 Ton/Tons per month, and the delivery time is 10 days. The packaging of the product includes a blank protective film or customized packaging on the exposed surface, heat shrink film or kraft paper to protect the outside, and packaging according to customers' requirements. The product can be packed in a 9~11 tons/20'GP container or a 20~28 tons/40'HQ container.

The Defender Aluminum profiles are available in both standard and custom extruded aluminum profiles. The product is suitable for a wide range of applications, including doors, windows, curtain walls, furniture, and industrial applications. The product is available in all colors, including silver, bronze, champagne, matte, and natural for anodizing, and RAL for powder coating. The surface treatment of the product is anodized.

The Defender Aluminum profiles are versatile and can be used in various scenarios. The standard aluminum profiles are perfect for applications that require a simple and straightforward design, such as frames and panels. The custom extruded aluminum profiles are ideal for applications that require unique shapes and designs. The standard extruded aluminum profiles are suitable for applications that require consistent and precise dimensions.

Overall, the Defender Aluminum profiles are a reliable and high-quality product that can be used in a wide range of applications. The product's versatility, durability, and customization options make it an excellent choice for anyone looking for an aluminum profile solution.

Support and Services:

Our Aluminum profiles product comes with technical support and services to ensure the best performance and durability for your projects.

Our team of experts can assist you with:

Product selection and specification

Technical information and data sheets

Custom design and fabrication

Installation guidance and support

Maintenance and repair services

With our technical support and services, you can trust that your Aluminum profiles product will meet your exact needs and standards.

Contact us for more details.

Packing and Shipping:

Product Packaging:

All aluminum profiles will be packed in sturdy cardboard boxes.

Each profile will be individually wrapped with protective foam sheets.

The boxes will be labeled with product information and handling instructions.

Shipping:

Shipping will be arranged by the seller or the buyer, depending on the agreement.

All shipments will be properly secured and insured to ensure safe delivery.

The buyer is responsible for checking the shipment upon delivery for any damages or missing items.

FAQ:

Q: What is the brand name of the aluminum profiles?

A: The brand name is Defender.

Q: What is the model number of the aluminum profiles?

A: The model number is Alloy 6063/6061/6005/6060, T5/T6.

Q: What certifications do the aluminum profiles have?

A: The aluminum profiles have CE ISO/IS90001 certification.

Q: Where are the aluminum profiles manufactured?

A: The aluminum profiles are manufactured in Shandong, China.

Q: What is the minimum order quantity for the aluminum profiles?

A: The minimum order quantity is 1 ton.

Q: What is the price range for the aluminum profiles?

A: The price is \$3,000.00 per ton for 1-19 tons, \$2,600.00 per ton for 20-99 tons, \$2,400.00 per ton for 100-999 tons, and \$2,000.00 per ton for 1000 or more tons.

Q: What is the supply ability for the aluminum profiles?

A: The supply ability is 2500 Ton/Tons per month.

Q: What is the delivery time for the aluminum profiles?

A: The delivery time is 10 days.
