Applications:

One of the primary application occasions for this fence is for residential and commercial properties. The modern style and customization options for width make it a great choice for homeowners and business owners who want a sleek and contemporary look for their property. The high weight capacity of 250 pounds ensures that the fence will provide a strong and secure barrier for years to come. Another great application for Defender's Steel Fence is for public areas such as parks, playgrounds, and schools. The fence's powder-coated finish makes it resistant to weather and wear, while the high strength aluminum material ensures it can withstand heavy use and abuse.

Garden Steel Fence Accessories are also available to enhance the functionality and aesthetic of the fence. These accessories include gates, posts, and hardware, and can be customized to fit your specific needs.

With a supply ability of 7 days and delivery time of 15 days, Defender's Steel Fence is a reliable and efficient choice for your fencing needs. The fence is packaged in wooden boxes for safe transportation and storage.

Payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram, making it easy and convenient to complete your purchase of this top-quality fence. Don't hesitate to contact us for more information or to place your order today!

Support and Services:

Our Steel fence product comes with exceptional technical support and services to ensure that you have a hassle-free experience with our product. Our team of experts is available to answer any questions or concerns you may have regarding the installation, maintenance, or performance of the fence.

We provide comprehensive product manuals and installation guides to assist you in setting up the fence correctly. Our technical support team is also available to offer guidance and advice on any issues that may arise during installation.

If you encounter any problems with the product's performance or functionality, we offer timely and effective repair and replacement services to ensure that your fence is always in top working condition.

Our commitment to customer satisfaction drives us to provide the best technical support and services possible, ensuring that you can rely on our Steel fence product for years to come.

Packing and Shipping:

Product Packaging:

Each steel fence panel is wrapped in plastic to prevent scratches and damage during shipping.

The panels are then stacked and secured on a wooden pallet.

The pallet is wrapped in plastic and labeled with the product information and shipping address.

Shipping:

The steel fence panels are shipped via freight carrier.

Delivery times may vary depending on the distance and carrier used.

Customers will receive tracking information once the product has shipped.

It is the customer's responsibility to ensure there is adequate space and accessibility for delivery of the pallet.
