Product Description:

The surface of our steel fence is powder coated, ensuring a smooth and durable finish that will last for years. The powder coating also adds an extra layer of protection to the steel, preventing rust and corrosion from damaging the fence. This means that our steel safety fence will continue to provide security and protection for years to come.

Our steel fence design is straight, providing a classic and timeless look that will complement any property. The straight design also ensures that the fence is sturdy and secure, adding an extra layer of protection to your property. Whether you're looking for a fence for your home or business, our steel safety fence is the perfect solution.

The finish of our steel fence is powder coated, ensuring a sleek and professional look that will enhance the appearance of any property. The powder coating also adds an extra layer of protection to the steel, ensuring that the fence will not only look great, but also provide long-lasting security and protection.

Our steel fence requires low maintenance, making it the ideal choice for busy homeowners and business owners. The powder coating ensures that the fence will not rust or corrode, and the high strength steel ensures that the fence will remain sturdy and secure for years to come. This means that you can enjoy the benefits of our steel safety fence without the hassle of constant maintenance.

Invest in our high strength steel fence for a secure and stylish addition to your property. Our steel safety fence provides a durable and long-lasting solution for those looking to enhance the safety and security of their property. With customization options available for width, you can be sure that our steel fence will fit perfectly with your property's needs.

Applications:

The Defender Steel Safety Fence is a highly durable and weather-resistant product suitable for both indoor and outdoor use. Its model number, Alloy 6063/6061/6005/6060, T5/T6, guarantees its quality and strength, while its CE ISO/IS90001 certification ensures its safety and reliability. Made in Shandong China, this fence is of high-quality and built to last.

The Defender Steel Safety Fence is perfect for a variety of occasions and scenarios. It is ideal for use in residential and commercial settings. It can be used to secure gardens, parks, schools, and playgrounds. This fence is also great for use in industrial settings such as factories, warehouses, and construction sites. It is perfect for securing perimeters, access points, and machinery.

Assembly of the Defender Steel Safety Fence is easy. Its straight design makes for easy installation with surface mounting. Garden Steel Fence Accessories are available to ensure the fence is securely installed and looking its best. The Defender Steel Safety Fence is highly durable and weather-resistant. It is designed to withstand harsh weather conditions and maintain its integrity over time, ensuring the safety of those around it. The minimum order quantity is 10m and the price is available upon consultation. Payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The Defender Steel Safety Fence has a supply ability of 7 days and a delivery time of 15 days. It is packaged in wooden boxes for secure transportation and storage.

Support and Services:

Our Steel fence product comes with comprehensive technical support and services to ensure that you have a successful installation and long-lasting performance. Our team of experts is available to provide you with guidance and advice on any technical issues that may arise during the installation process.

In addition to technical support, we also offer maintenance and repair services to keep your Steel fence in optimal condition. Our team can perform routine maintenance checks, spot repairs, and full fence replacements as needed.

We understand the importance of having a reliable fence for security and aesthetic purposes, which is why we are committed to providing top-notch technical support and services to our customers.

Packing and Shipping:

Product Packaging:

Each steel fence panel is carefully packed in a cardboard box with foam inserts for protection. All necessary mounting hardware and instructions are included in the package.

Shipping:

Our steel fence product is shipped directly from our warehouse to your address via a reliable courier service. Shipping times will vary depending on your location, but we strive to deliver your order as quickly as possible.
