Product Description

Product Description:

The Aluminum Garden Screen is an outdoor metal aluminum garden screen that is perfect for any outdoor space. This screen is made from high-quality aluminum, making it durable and long-lasting. It is designed to withstand the elements and can be used in any weather condition. The Aluminum Garden Screen is a perfect addition to any garden or outdoor space, and it will give your home a modern and stylish look.

One of the best things about the Aluminum Screen is that it is easy to install. It comes with all the necessary hardware, and you can have it up and running in no time. This product is perfect for those who want to save time and money on installation costs.

The Aluminum Screen is rectangular in shape, which makes it perfect for windows and doors. It can be customized to fit any size, making it perfect for any size window or door. The rectangular shape also makes it easy to install, and it will give your home a modern and sleek look.

Maintenance is low on the Aluminum Screen, which means that you won't have to spend a lot of time or money maintaining it. It is designed to withstand the elements, and it will stay looking great for years to come. This product is perfect for those who want to save time and money on maintenance costs.

The Aluminum Screen is customizable, which means that you can have it made to fit any size or shape. This product is perfect for those who want to have a custom screen made to fit their specific needs. You can choose from a variety of aluminum screen extrusions to make your screen unique and one-of-a-kind.

In conclusion, the Aluminum Screen is a versatile and durable product that is perfect for windows, doors, and screens. It is easy to install, rectangular in shape, and customizable to fit any size or shape. Maintenance is low on this product, and it is designed to withstand the elements. If you are looking for an outdoor metal aluminum garden screen that is perfect for any outdoor space, then the Aluminum Garden Screen is the perfect choice for you.

Other features:

aluminum screen extrusions

Outdoor metal aluminum garden screen

Perfect for outdoor use

Durable and long-lasting

Easy to install

Provides privacy and shade

Weather-resistant

Low maintenance

Technical Parameters:

Appl icati on	Windows, Doors, Screens
---------------------	-------------------------

Product Advantages	<p>Aluminum alloy has good mechanical and corrosion resistance properties in its natural state, which can fully meet the anti-corrosion control requirements as a material for villa doors and guardrails. Long lifespan, maintenance free, rust free, safe and stable, and not easy to rust after long-term use. This is also one of the reasons why many customers choose Gu Meilvyi to make villa doors and community guardrails.</p> <p>Aluminum alloy has excellent hot extrusion performance and can be made into various complex shaped hollow and solid profiles according to the best mechanical structure and appearance process requirements. This not only improves the mechanical properties of equal amounts of materials, but also increases the practicality and decoration of the product. It can be truly customized according to the customer's own needs, and there are many styles and colors available for customers to choose from.</p> <p>The structural strength of aluminum alloy is high, and it is less than one-third of the mass of steel, which increases the overall load-bearing capacity of the building. Combined with various performance advantages such as good toughness and weldability. The excellent surface treatability, adhesion fastness, and surface texture of aluminum alloy not only allow aluminum alloy products to have multiple surface treatment options, but also are stable and durable, making it possible for products to meet personalized, diverse, and different aesthetic needs in terms of color and appearance.</p>
Capacity	5000 ton per month
Versatility	High
Characteristics	Strong, stylish, durable, corrosion-resistant
