

High Durability Aluminium Garden Screens Natural Properties For Corrosion Resistance

Our Product Introduction

for more products please visit us on alumfencing.com

Basic Information

- Place of Origin: shandong china
- Brand Name: Defender
- Certification: CE ISO/IS90001
- Model Number: Alloy 6063/6061/6005/6060, T5/T6
- Minimum Order Quantity: 10 pieces
- Price: \$22.00 - \$25.00
- Packaging Details: Each profile pasted by protection plastic film, a bundle profiles wrapped up by compound paper
- Delivery Time: 15-20 days after deposit payment received
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: 20000 Piece/Pieces per Month

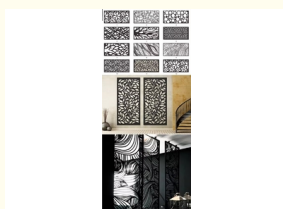

Product Specification

- Easy To Install: Yes
- Material: Aluminum
- Shape: Rectangular
- Color: Silver
- Characteristic: Strong, Stylish, Durable, Corrosion-resistant
- Durability: High
- Product Advantages: 1. Aluminum Alloy Has Good Mechanical And Corrosion Resistance Properties In Its Natural State, Which Can Fully Meet The Anti-corrosion Control Requirements As A Material For Villa Doors And Guardrails. Long Lifespan, Maintenance Free, Rust Free, Safe And
- Heat Resistance: Yes

Product Description

Product Description:

Our Aluminum Screen product has many advantages. Firstly, the aluminum alloy has excellent mechanical and corrosion resistance properties in its natural state, making it a perfect material for villa doors and guardrails. Its long lifespan, maintenance-free, rust-free, safe and stable properties make it an ideal choice for a variety of applications. Additionally, aluminum alloy has excellent hot extrusion performance, allowing it to be made into various complex shaped hollow and solid profiles, increasing the practicality and decoration of the product.

Furthermore, the structural strength of aluminum alloy is high, and it is less than one-third of the mass of steel, which increases the overall load-bearing capacity of the building. The excellent surface treatability, adhesion fastness, and surface texture of aluminum alloy not only allow aluminum alloy products to have multiple surface treatment options but also are stable and durable, making it possible for products to meet personalized, diverse, and different aesthetic needs in terms of color and appearance.

Our Aluminum Screen product comes in a rectangular shape, making it perfect for a variety of applications. It is also easy to install, which means you can have your screen up and running in no time. Its versatility is high, making it perfect for a range of uses, including as an outdoor metal aluminum garden screen.

At Gu Meilvyi, we offer a range of styles and colors to choose from. Our aluminum screen extrusions are made to the highest quality standards, ensuring that you get the best possible product.

In conclusion, if you are looking for a high-quality, versatile, and durable aluminum screen product, look no further than Gu Meilvyi. Our Aluminum Screen product is perfect for your home and garden needs, offering excellent corrosion resistance, easy installation, and a range of styles and colors to choose from.

Features:

Product Name: Aluminum Screen

Heat Resistance: Yes

Color: Silver

Durability: High

Characteristic: Strong, stylish, durable, corrosion-resistant

Used: Garden, Pool, etc.

Technical Parameters:

D u r a b i l i t y	High
S h a p e	Rectangular
U s e d	Garden, Pool ,etc.

P ro d u ct a v a n t a g e s	1. Aluminum alloy has good mechanical and corrosion resistance properties in its natural state, which can fully meet the anti-corrosion control requirements as a material for villa doors and guardrails. Long lifespan, maintenance free, rust free, safe and stable, and not easy to rust after long-term use. This is also one of the reasons why many customers choose Gu Meilvyi to make villa doors and community guardrails. 2. Aluminum alloy has excellent hot extrusion performance and can be made into various complex shaped hollow and solid profiles according to the best mechanical structure and appearance process requirements. This not only improves the mechanical properties of equal amounts of materials, but also increases the practicality and decoration of the product. It can be truly customized according to the customer's own needs, and there are many styles and colors available for customers to choose from. 3. The structural strength of aluminum alloy is high, and it is less than one-third of the mass of steel, which increases the overall load-bearing capacity of the building. Combined with various performance advantages such as good toughness and weldability. 4. The excellent surface treatability, adhesion fastness, and surface texture of aluminum alloy not only allow aluminum alloy products to have multiple surface treatment options, but also are stable and durable, making it possible for products to meet personalized, diverse, and different aesthetic needs in terms of color and appearance

Installation support and guidance

Troubleshooting common problems

Repair and maintenance advice

Product documentation and manuals

Warranty information and assistance

We are committed to ensuring that you have a positive experience with our product and are available to assist you with any questions or concerns you may have.

Packing and Shipping:

Product Packaging:

One aluminum screen

Mounting hardware

Installation instructions

Shipping:

Ships within 2 business days

Free standard shipping

Tracking number provided

FAQ:

Q: What is the brand name of this aluminum screen product?

A: The brand name of this aluminum screen product is Defender.

Q: What is the model number of this aluminum screen product?

A: The model number of this aluminum screen product is Alloy 6063/6061/6005/6060, T5/T6.

Q: What certifications does this aluminum screen product have?

A: This aluminum screen product has CE ISO/IS90001 certification.

Q: Where is this aluminum screen product made?

A: This aluminum screen product is made in Shandong, China.

Q: What is the minimum order quantity for this aluminum screen product?

A: The minimum order quantity for this aluminum screen product is 10 pieces.

Q: What is the price range for this aluminum screen product?

A: The price range for this aluminum screen product is \$22.00 - \$25.00.

Q: What are the payment terms for this aluminum screen product?

A: The payment terms for this aluminum screen product include L/C, D/A, D/P, and T/T.

Q: What is the supply ability of this aluminum screen product?

A: The supply ability of this aluminum screen product is 20000 Piece/Pieces per Month.

Q: What is the delivery time for this aluminum screen product?

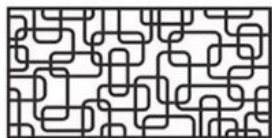

A: The delivery time for this aluminum screen product is 15-20 days after deposit payment received.

Q: What is the packaging for this aluminum screen product?

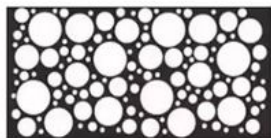

A: Each profile is pasted by protection plastic film and a bundle of profiles is wrapped up by compound paper.
